When:

Annual meetings

Description:

Join Bitspiration for Charity, an unique event where startup enthusiasts share their experiences, knowledge and ideas. And all that for the sake of charity!

One day of intensive case studies exchange and workshops fuelled by creativity. Bitspiration for Charity combines the idea of education and networking with supporting local cancer treatment centers and hospitals.

They are organizing four parallel events in big Polish cities with well-developed startup scene. They want to unite the biggest startup networking events in Krakow, Warsaw, Poznan and Gdansk with our idea.

They will provide the world-renowned, best specialists and mentors who will lead the engaging lectures and take care of organizing desirable workshops. After this huge dose of knowledge, they will celebrate the splendour after party, that will be a reward for anyone who joined them and contributed to this high-minded idea of helping kids.

And the most important part is all the ticket fees will be solely donated to the local cancer treatment centers and hospitals for children in Krakow, Warsaw, Poznan and Gdansk!

Bitspiration 2015 - the place where people from the Internet, music, startup and biotechnology industries meet up to share the most current knowledge and tips on how to make businesses more efficient by implementing new technologies. This year we are focusing on the modern revolution in the biotechnological, startup and music industry.

Bitspiration is an inspirational festival of tech, music and Internet. Year by year our impact grows, reaching Polish and international audience and media attention.

Thanks to the experienced speakers, hip topics and unique atmosphere, our attendees number has grown a 290% to compare to the first edition of Bitspiration!
